

Complete Line of Scales for Water and Wastewater Treatment and Industrial Applications

**SCALETRON SETS THE STANDARD IN CORROSION RESISTANCE**

# Scaleton scales are used in a wide variety of commercial, industrial, and government applications.

## **Wastewater & Sewage Treatment**

Weigh chemicals used to treat water, control odor and render effluent suitable for discharge. Typical chemicals include ammonia, carbon dioxide, chlorine, hydrogen chloride, polymers, and sulfur dioxide.

## **Municipal Water Treatment**

Weigh chemicals used to treat and clarify water for safe human consumption and food processing. Typical chemicals include ammonia, chlorine, fluoride, and sulfur dioxide.

## **Industrial Process Water & Wastewater Treatment**

Weigh chemicals used to treat water used in industrial processes, cooling and waste treatment. Typical chemicals include ammonia, biocides, chlorine, fluoride, phosphates, polymers, and sulfur dioxide.

## **Municipal & Commercial Swimming Pools**

Weigh chemicals used to treat and clarify commercial and municipal pool water. Typical chemicals include acids, bleach, caustic soda, and chlorine.

## **Chemical Industry**

Weigh liquid chemicals and gases used in chemical industry for manufacturing, health and safety and fire protection. Typical chemicals include ammonia, carbon dioxide, freon, and liquid nitrogen.

# Secondary Spill Containment Scales

## Model 4042-26™

Spill Containment Scale

Electronic scale with spill containment basin. Dry powder polyester coated steel frame. Size 26" x 26"  
Capacity to 2000 lbs. (15 gal.)

### Indicators

#### Standard

3 1/2 Digit

#### Optional

- 4 1/2 Digit
- 5 Digit
- 1099

Size of Container

Up to 24" dia.

On & Off Loading

Frequent Off-Center

## Model 4042-26WB™

Spill Containment Scale w/ Bladder

Scale with spill containment basin and bladder. Dry powder polyester coated steel frame. Sizes 26" x 26" & 26" x 52"  
Capacity to 2000 lbs. (66 gal.)

### Indicators

#### Standard

3 1/2 Digit

#### Optional

- 4 1/2 Digit
- 5 Digit
- 1099

Size of Container

Up to 24" dia.

On & Off Loading

Frequent Off Center

## Model 4042-26x52™

Spill Containment Scale

Electronic scale with spill containment basin. Dry powder polyester coated steel frame. Size 26" x 52"  
Capacity to 8000 lbs. (30 gal.)

### Indicators

#### Standard

3 1/2 Digit

#### Optional

- 4 1/2 Digit
- 5 Digit
- 1099

Size of Container

Up to 24" dia.

On & Off Loading

Frequent Off-Center

## Model 4042-52™

Spill Containment Scale

Electronic scale with spill containment basin. Dry powder polyester coated steel frame. Size 52" x 52"  
Capacity to 8000 lbs. (62 gal.)

### Indicators

#### Standard

3 1/2 Digit

#### Optional

- 4 1/2 Digit
- 5 Digit
- 1099

Size of Container

Up to 50" dia.

On & Off Loading

Frequent Off-Center

## Model 4042-63 IBC™

Spill Containment Scale

Electronic scale with spill containment basin. Dry powder polyester coated steel frame. Size 63" x 63"  
Capacity to 8000 lbs. (360 gal.)

### Indicators

#### Standard

3 1/2 Digit

#### Optional

- 4 1/2 Digit
- 5 Digit
- 1099

Size of Container

Up to 61" dia.

On & Off Loading

Frequent Off-Center

## Scale Indicators Available

1099 Process Controller

# Drum, Tank, & Platform Scales

## Model 4010™

Digital Tank Scale

Scale for permanently mounted tank/drum. Dry powder polyester coated steel. PVC deck. Sizes 24" x 24" to 48" x 48" Capacity to 5000 lbs. \* □

### Indicators

#### Standard

3 1/2 Digit

#### Optional

- 4 1/2 Digit
- 5 Digit
- 1099

Size of Container

Up to 48" dia.

On & Off Loading

Stationary Centered

## Model 4020™

Digital Drum & Cylinder Scale

Economical electronic scale for permanently mounted tank. Solid PVC base. Sizes 12" & 16" disks Capacity to 800 lbs.

### Indicators

#### Standard

3 1/2 Digit

#### Optional

- 4 1/2 Digit
- 5 Digit
- 1099

Size of Container

Up to 16" dia.

On & Off Loading

Stationary Off-Center

## Model 4021™

Ultra-Low Profile Drum Scale

Electronic scale with rugged dry powder polyester coated steel frame and PVC deck. Sizes 18" x 20" & 24" x 27" Capacity to 1500 lbs. □

### Indicators

#### Standard

3 1/2 Digit

#### Optional

- 4 1/2 Digit
- 5 Digit
- 1099

Size of Container

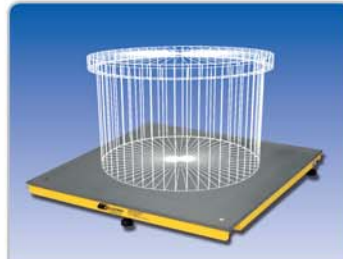

10" to 26" dia.

On & Off Loading

Frequent Centered

## Model 4030™

Digital Tank Scale

Electronic scale with rugged dry powder polyester coated steel frame and PVC deck. Sizes 24" x 24" to 48" x 48" Capacity to 5000 lbs. \* □

### Indicators

#### Standard

3 1/2 Digit

#### Optional

- 4 1/2 Digit
- 5 Digit
- 1099

Size of Container

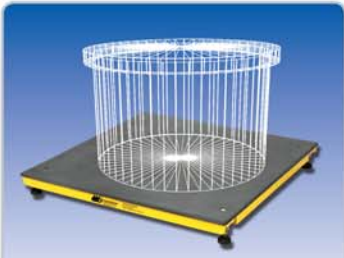

Up to 48" dia.

On & Off Loading

Stationary Off-Center

## Model 4040™

Digital Tank Scale

Electronic scale with rugged dry powder polyester coated steel frame and PVC deck. Sizes 24" x 24" to 48" x 48" Capacity to 5000 lbs. \* □

### Indicators

#### Standard

3 1/2 Digit

#### Optional

- 4 1/2 Digit
- 5 Digit
- 1099

Size of Container

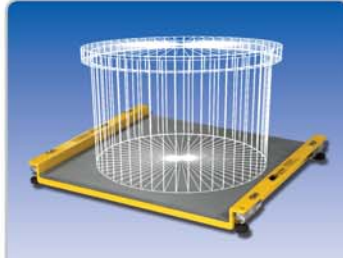

Up to 48" dia.

On & Off Loading

Frequent Off-Center

## Model 4041™

Ultra-Low Profile Platform Scale

Electronic scale with rugged dry powder polyester coated steel frame and PVC deck. Sizes 24" x 24" & 30" x 30" Capacity to 1500 lbs. □

### Indicators

#### Standard

3 1/2 Digit

#### Optional

- 4 1/2 Digit
- 5 Digit
- 1099

Size of Container

Up to 30" dia.

On & Off Loading

Frequent Off-Center

## Model 4040 IBC™

Tote Bin Scale

Electronic scale designed for intermediate bulk containers. Solid PVC deck. Sizes 24" x 24" to 48" x 48" Capacity to 5000 lbs. \* □

### Indicators

#### Standard

3 1/2 Digit

#### Optional

- 4 1/2 Digit
- 5 Digit
- 1099

Size of Container

Up to 48" x 48"

On & Off Loading

Frequent Off-Center

\* Other scale sizes and capacities upon request.

□ Available with stainless steel base upon request.

# 150lb. & Ton Cylinder Scales

## Model 2310™

Digital Single Cylinder Scale

Economical electronic scale with a 4-20mA output, NEMA 4X indicator box and solid PVC base. Capacity 349 lbs.

### Indicators

#### Standard

3 1/2 Digit

#### Optional

▪ 1099

#### Size of Container

Up to 12" dia.

#### On & Off Loading

Frequent

## Model 2330™

Mechanical Dual Cylinder Scale

Features integral mechanical indicator with a dual dial and molded fiberglass reinforced thermoplastic base. Capacity 300 lbs.

### Indicators

#### Standard

Mechanical Dial

#### Size of Container

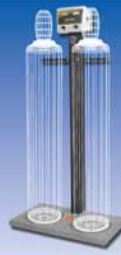

Up to 12" dia.

#### On & Off Loading

Frequent

## Model 2350™

Digital Dual Cylinder Scale

Electronic scale with a 4-20mA output, NEMA 4X indicator box and molded fiberglass reinforced thermoplastic base. Capacity 349 lbs. per disk

### Indicators

#### Standard

Dual 3 1/2 Digit

#### Optional

▪ 1099

#### Size of Container

Up to 12" dia.

#### On & Off Loading

Frequent

## Model 2352™ - 2353™

Digital Multi-Cylinder Scale

Electronic scale with a 4-20mA output, NEMA 4X indicator box and molded fiberglass reinforced thermoplastic base. Capacity 349 lbs. per disk

### Indicators

#### Standard

Dual 3 1/2 Digit

#### Optional

▪ 1099

#### Size of Container

Up to 12" dia.

#### On & Off Loading

Frequent

## Model 5305™

Hydraulic Single Cylinder Scale

Hydraulic load cell requires no electricity. Durable base is dry powder polyester plastic coated steel with a PVC deck. Capacity 300 lbs.

### Indicators

#### Standard

4 1/2" Dial

#### Size of Container

Up to 12" dia.

#### On & Off Loading

Frequent

## Model 3001™ - 3006™

Ton Cylinder Scale

Electronic scale with a 4-20mA output, NEMA 4X indicator box, solid UHMW rollers, stainless steel hardware and load cell. Capacity 4000 lbs. per base

### Indicators

#### Standard

4 1/2 Digit

#### Optional

▪ 5 Digit  
▪ 1099

#### Size of Container

Up to 36" dia.

#### On & Off Loading

Frequent

## Model 3050™

Ton Cylinder Conversion Kit

Converts old hydraulic scale to modern electronic scale. Features a 4-20mA output, stainless steel load cell and polyester coated metal base.

### Indicators

#### Standard

4 1/2 Digit

#### Optional

▪ 5 Digit  
▪ 1099

#### Size of Container

Up to 36" dia.

#### On & Off Loading

Frequent

## Model 3000 ST, TW, LB

Ton Cylinder Accessories

### Model 3000ST™

Ton Cylinder Storage Trunnions

- Solid UHMW rollers
- Stainless steel axles
- Polyester coated steel base

### Model 3000TW™

Ton Cylinder Wrench

- Constructed of 1/2" flat bar
- 24" long by 1" square tube handle

### Model 3000LB™

Ton Cylinder Lifting Bar

- Made of 5" channel
- Heavy duty hooks
- Two styles available
